

COMPONENTS AND ACCESSORIES

ECON-O-FIT™ HOSE CLAMPS

ECON-O-FIT™ is the original anodized aluminum hose clamp cover. Its appearance dresses up any installation. ECON-O-FIT's specially designed interior grooving prevents the hose from "hanging up" on the clamp and ensures proper placement of the worm gear type clamp with respect to the end of the hose. ECON-O-FITs are machined from aluminum alloy and are available in red, blue, chrome and black.

Body is hexagonal on sizes 3 through size 16.

Body is round on sizes 18 through 36.

NEW!

** No stainless braided hose this size. Intended for use with TUBE BRAID over existing radiator hose.
ECON-O-FIT HOSE ENDS ARE COVERED BY U.S. PATENTS NO 4135744-DES 251676 AND 251918

STAINLESS STEEL HOSE CLAMPS

Despite our best efforts, there are still places where it makes sense to use an old fashioned hose clamp.
